How We Operate

UFund provides a fundraising platform that allows participants to effectively manage their fundraising campaign, harness social media for outreach, collect donations, and process fundraiser sales for their school, team, event, activity or organization. The Platform is accessed via the UFund website located at www.ufundraise.org. The team/organization utilizes the platform, via the website, to send emails directing the recipient to visit their team/organization fundraiser page. The recipient of the email has the option to purchase the fundraiser product the team/organization is selling, or the recipient may make a donation to that team/organization. UFund encourages that a portion of the donations (5%) be allocated as a scholarship to a member of that team/organization.

Option 1: If the team uses UFund as their fundraiser to collect donations.
100% of donation - 15% standard operating costs = 85% of donation goes back to the school.

Option 2: If the team uses UFund as a platform to sell their own fundraiser product.
100% of product purchase - 7% operating cost= 93% of money collected goes back to the school.
With this option the responsibility of paying for the product sold is on the coach.

Credit Card transaction fees of 3% apply when applicable.

Payment Terms

UFund is dedicated to 100% transparency when it comes to the finances. UFund operates securely online to try and minimize coaches, players, students, parents handling funds. UFund collects donations and payments and disburses the funds directly to the school in the form of a check.

All online transactions and donations are currently being done securely through PayPal. Donors are able to donate using any credit card or through their own PayPal account.

Upon donation the donor receives a receipt directly from UFund for their contribution which can be used for tax purposes. Offline donations are mailed to UFund at which time they are emailed a receipt.

At the close of the campaign UFund emails the coach/organizer and bookkeeper at the school a final spreadsheet of all the donations and transactions made to the campaign. An invoice of donations and transactions is also sent to the coach/organizer and bookkeeper at the school showing the donations minus the operating fees and optional scholarship amount and a check is mailed from UFund to the school bookkeeper. At the close of a campaign where the option of allocating 5% of the donations as a scholarship is exercised the scholarship money is disbursed as a check written to the deserving student(s) as directed by the school's administration. This check is mailed to the school in attention to the principal, to award when they see best appropriate.

At the start of the campaign the coach/organizer is given a link to a private page where the coach/organizer and administration can monitor in real time every transaction and donation. On the same page there is a balance showing donations collected, operating costs, and scholarship money raised when applicable. The coach/organizer and/or administrator can see at any given time the take home amount and download a spreadsheet of donations.

Donors will have the option to show who is donating or they may donate anonymously.

Privacy Policy

Your privacy is very important to us. Accordingly, we have developed this Policy in order for you to understand how we collect, use, communicate, disclose and make use of personal information. The following outlines our privacy policy.
